

# THE ORIGINAL HEART PILLOW

shumsky®  
**THERAPEUTIC  
PILLOWS**

The Original Heart Pillow provides pain reduction and increased comfort after surgery. An anatomical diagram on one side allows for procedure education, and the other side can feature your hospital's logo or custom care instructions.

## HAVE AN IMPACT ON YOUR PATIENTS' JOURNEY

- Help patients heal
- Provide education and an emotional connection
- Give patients consistent sternal support for improved healing
- Reduce pain during coughing, deep breathing and moving
- Use customized imprints and diagrams as easy-to-understand educational tools

## IMPRINT & CUSTOMIZE YOUR PILLOWS

All of our Therapeutic Pillows can be imprinted with your facility's logo on one side and your choice of anatomical diagram on the other side. Each pillow includes a permanent marker for instructions and words of encouragement. Further customization can include optional seat belt straps, handles and your choice of fabric color!
